

TRANSITION TOWN DORCHESTER

Earth Oven Workshop

Saturday 30th May 2009

10am start

Information & Booking Form

Inspire yourself and learn a new skill connecting directly with the earth at a beautiful woodland location nestled within Batcombe Woods, Dorset

Learn how to build a fully functioning sculpted earth oven. An ideal first project for those new to earth building.... ending with earth-oven baked pizza

Objectives

This workshop is suitable for people of all ages and aims to introduce earth building in practice with some taught skills but most emphasis on hands-on learning. The day provides space for fun and creativity and is especially good for families or people wanting to get a taster of practical earth building

Participants should leave feeling confident in their ability to site, prepare for and build an earth oven

The workshop covers:

- Location and testing of suitable materials
- Mixing the earth successfully by foot. How to adapt your mixes to suit the conditions and elements in the design
- All the essential aspects of building a domed oven, as well as ways of sculpting and finishing
- Learn about relevant tools for building and baking in your oven.
- See how to fire up an oven, as well as methods of cooking and baking home made bread/ pizza dough

To reduce carbon emissions, please consider sharing transport with others for this event. Please let us know if you are happy to share your contact details with others to enable this.
